## ECHOES OF PANDAVLENI

Rediscovering Heritage, One Step at a Time

Date: 13th July 2025

Venue: Pandavleni Caves, Nashik

Echoes of Pandavleni marked the first event of the term for the Rotaract Club of Nasik Youth Force. In the calm hours of a Sunday morning, members and guests came together at the historic Pandavleni Caves for a heritage walk that offered much more than a trek, it was a walk into the past, guided by knowledge, curiosity, and connection.

Participants gathered at 6:45 AM and began their ascent under the guidance of Prof. Prashant Patil, whose engaging narration uncovered the rich cultural, spiritual, and architectural significance of the ancient Buddhist caves. His storytelling helped participants not just learn about history but feel a part of it.

## THE ULTIMATE HERITAGE GUIDE

The event encouraged reflection and dialogue, with participants actively engaging in conversations around the carvings, inscriptions, and symbolism that surrounded them. What made the morning truly special was not just the historical insight, but the organic connections formed among attendees,

through shared wonder, thoughtful discussions, and a collective sense of discovery.

Echoes of Pandavleni was not only a meaningful beginning to the club's tenure, but also a proud moment, as the event received recognition in the newspaper for its cultural relevance and community engagement.

## HIGHLIGHTS OF THE EVENT

Towards the end of the Heritage Walk, Prof. Prashant Patil engaged everyone with a few questions based on the insights he shared during the session. Among all, three Rotaractors stood out with their impressive answers – Rtr. Kshitij Sachde, Rtr. Shaunak Sathe, and Rtr. Riya Panjwani- each receiving a token of appreciation for their knowledge and attentiveness.

## A TURF FELLOWSHIP

In the true spirit of camaraderie and collaboration, the Rotaract Club of Nasik Youth Force partnered with the Rotaract Club of Nashik Nine Hills to host a dynamic turf fellowship – The Rotaract Arena. This event brought members together for a refreshing morning of games, laughter, and shared experiences, fostering stronger inter-club bonds.

The fellowship kicked off with a spirited game of Cricket, mixing players from both clubs into teams. Friendly competition, cheerful banter, and enthusiastic team spirit set the tone for the day. As the match progressed, so did the conversations, with new friendships forming effortlessly across the turf.

## HIGHLIGHTS OF THE EVENT

All the members of both clubs had the opportunity to meet each other for the very first time, and what better way to break the ice and build connections than through the spirit of sports! The friendly matches not only sparked healthy competition but also laid the foundation for strong bonds and lasting friendships. Laughter, teamwork, and cheer filled the atmosphere, making it a perfect start to what promises to be a meaningful collaboration between the two clubs.

## LINGORCHA = NOSTALGIA

Taking a nostalgic turn, members then dove into a round of Lingorcha – a traditional childhood game that had everyone chasing, laughing, and reliving their younger days. The excitement was palpable, and the turf rang with cheers and joyful shouts.

Next came Dodgeball, adding an extra dose of energy. From dodging to diving, members fully immersed themselves in the fast-paced fun. More than just a game, it turned into an opportunity to encourage one another and celebrate teamwork.

But what truly defined The Rotaract Arena was the genuine connection shared between the two clubs. Whether it was cheering from the sidelines or chatting during breaks, the morning fostered a sense of unity and light hearted joy, reminding us that fellowship lies at the heart of everything we do.
